48. This should help with queuing and finding servers while we are working on a proper fix. Please restart the game, as this is a client update! Once again, we're terribly sorry for these issues.. Patch #6 Hotfix 1 : This is a very small hotfix patch to address certain cosmetic skins having more range in patch #6, which was unintended. Make sure to restart Steam to ensure the update is applied.. Patch #4 hotfix 1 : This is a hotfix for Patch #4 and removes the friendly markers functionality. Something went bad and caused them to tank FPS even when disabled. We're investigating, and have disabled them for now while we figure out the issue, since the FPS drop was extreme.. Patch #4 : Patch #04 Changelog
